

KPMG LLP is the U.S. member firm of a global network of professional services firms with over 137,000 people working together to deliver value in more than 144 countries. We draw on our firms' deep industry experience to provide Audit, Tax & Advisory services. KPMG delivers a globally consistent set of multidisciplinary services based on deep industry knowledge. Our industry focus helps KPMG professionals develop a rich understanding of clients' businesses and the insight, skills, and resources required to address industry-specific issues and opportunities.

KPMG is consistently listed in Fortune magazine's list of "100 Best Companies to Work For" and in 2009 also received a top distinction as a recipient of the prestigious Catalyst Award. Other recognitions KPMG has been given include being named one of the Top 5 organizations in the 2009 list of Best Companies for Multicultural Women listed by Working Mother magazine, Diversity Inc.'s Top 50, and Hispanic Business magazine's 2009 Diversity Elite 60 among others.

KPMG member firms can provide independent audit services designed to enhance the reliability of information prepared by clients for use by investors, creditors and other stakeholders, including country-specific statutory requirements. KPMG's Audit professionals provide attestation services that are designed to help our member firms' clients address specific issues.

KPMG's Tax Services practice is committed to providing our clients with the highest quality tax compliance and advisory services. Our tax partners and professionals pride themselves on understanding our clients' business strategy and needs, and providing a broad range of international, federal, state and local tax services to meet those needs. Together with other member firms in KPMG International — which includes more than 94,000 professionals in 148 countries — we provide an array of services that help address our clients' tax needs close to home and around the world. We bring value to our clients through our real-world experience and technical know-how.

Our Advisory practice provides advice and assistance to companies, intermediaries and public sector bodies. KPMG professionals combine technical, market, and business skills that allow them to deliver objective advice and guidance that help the firm's clients grow their businesses, improve their performance, and manage risk more effectively.
