

Curriculum Vita

Nicholas C. Yannelis

EDUCATION:

- B.A., Athens School of Economics, 1972-1976
- M.A., University of Rochester, 1977-1979.
London School of Economics, 1976-1977
- Ph.D., University of Rochester, Rochester, NY, 1977-1983

CURRENT FULL AND PART TIME POSITIONS:

Henry B. Tippie Research Professor of Economics, The University of Iowa, Iowa City, USA, 2011 – Present

Sir John Hicks Professor of Economic Theory, The University of Manchester, Manchester UK, 2009 – present, (summer)

Commerce Distinguished Alumni Professor of Economics, University of Illinois at Urbana-Champaign, Urbana, IL, 2011 – Present, Emeritus

RECENT SHORT TERM VISITING PROFESSORSHIPS:

- University Federico II, Naples, Italy, June 2003
- University of Paris 1, Pantheon-Sorbonne, Paris, France, July 2003
- University of Paris 1, Pantheon-Sorbonne, Paris, France, February 2004
- Institute of Advanced Studies, Vienna, Austria, January 2004
- National Univ of Singapore, Institute of Mathematical Studies, Singapore, June 2005
- University of Bolzano, Bolzano Italy, July 2005
- Institute of Advanced Studies, Vienna, Austria, January 2006
- University of Paris 1, Pantheon-Sorbonne, Paris, France, January 2006
- National University of Singapore, Singapore, March 2006
- University of Manchester, UK, May 2006
- University of Paris 9, Dauphine, France, Decemeber 2006
- University of Manchester, UK, June 2007
- University of Paris 1, Pantheon-Sorbonne, June-July 2007
- University of Manchester, UK, June 2008
- University of Paris 1, Pantheon-Sorbonne, June 2009
- National University of Singapore, Singapore, July 2010
- University of Paris 1, Pantheon-Sorbonne, January 2011
- National University of Singapore, Singapore, June 2012

CURRENT POSITIONS IN PROFESSIONAL ORGANIZATIONS:

Editor, Economic Theory, 2009 – present

Editor, Studies in Economic Theory, 1991- present

Associate Editor, Journal of Mathematical Economics, 1993 – present

Economic Theory Fellow

Treasurer, SAET

Advisory boards:

- a. Quantitative Methods in Economics, Erasmus Mundus, University of Paris 1
- b. European Doctorate in Economics, Erasmus Mundus, University of Amsterdam, Bielefeld University, University of Paris 1, University of Venice, Catholic University of Louvain

BUSSINESS SCHOOL ADMINISRTATION (U OF ILLINOIS):

Director of graduate studies, 1988-1993.

University of Illinois-Athens MBA program, 1995-98, Director and founder (taught MBA Micro).

Committee on international programs, 1999-2003, Chair and member

PUBLICATIONS:

Articles in Journals

Existence and Fairness of Value Allocation without Convex Preferences, Journal of Economic Theory, 31, 1983, 283-292

Existence of Maximal Elements and Equilibria in Linear Topological Spaces (with N.D. Prabhakar), Journal of Mathematical Economics, 12, 1983, 233-245

Non-Symmetric Cardinal Value Allocations (with A. Scafuri), Econometrica, 52, 1984, 1365-1368 (Reprinted in the “Collected Papers of R. J. Aumann”, MIT Press, 2000)

Maximal Elements over Non-Compact Subsets of Linear Topological Spaces, Economics Letters, 17, 1985, 133-136

On a Market Equilibrium Theorem with an Infinite Number of Commodities, Journal of Mathematical Analysis and Applications, 108, 1985, 595-599

Equilibria in Banach Lattices without Ordered Preferences (with W. Zame), Journal of Mathematical Economics, 15, 1986, 75-110

Caratheodory-Type Selections and Random Fixed Point Theorems (with T. Kim and K. Prikry), Journal of Mathematical Analysis and Applications, 122, 1987, 393-407

Current Research

My research program on **general equilibrium theory**, **asymmetric information** and **incentive compatibility** continues. Recently, I am also working on **neuroeconomics**, conducting experiments on ambiguity and incentives, using the near infra test.

Current completed/working papers are listed below:

Implementation under Ambiguity (with Z. Liu), 2012

On Uniform Conditions for the Existence of Mixed Strategy Equilibria, 2012, (with P. Prokopovych)

Non-Emptiness of the Alpha-Core, 2010, (with F. Martins-Da-Rocha)

A New Perspective to Rational Expectations: Maximin Rational Expectations Equilibrium, 2010, (with L. de Castro and M. Pesce)

Ambiguity Aversion Solves the Conflict Between Efficiency and Incentive Compatibility, 2011, (with L. de Castro)

Generic Non-Existence of Asymmetric Information Equilibrium with Infinitely Many States, 2010, (with K. Podzeck and R. Tourky)

Learning Stability and the Martingale Property of the Rational Expectations Equilibrium, 2010, (with D. Kim and M. Pesce)

On the Equal Treatment of Value Allocation, 2009, (with M. Pesce)

Relationship between Partition and Type models in General Equilibrium Theory with Asymmetric Information, 2010, (with L. de Castro)

INVITED SEMINARS AND CONFERENCES (Since 1990)

(1990-1991)

Conference on Riesz Spaces and Economic Theory, Cal Tech
Johns Hopkins University, Baltimore
Indiana University, Bloomington
California Institute of Technology, Pasadena
University of Washington, St. Louis
American Math. Society Meetings, South Bend
Conference on Economies with Asymmetric Information, SUNY at Stony Brook.

(1992-1993)

Purdue University, West Lafayette
NBER Conference on Decentralization, University of Arizona, Tucson
University of Vienna, Vienna, Austria
University of Virginia, Charlottesville
University of Alabama, Tuscaloosa
University of Pennsylvania, Philadelphia.

(1993-1994)
